Informed Consent to Care

You are the decision maker for your health care. Part of our role is to provide you with information to assist you in making informed choices. This process is often referred to as "informed consent" and involves your understanding and agreement regarding the care we recommend, the benefits and risks associated with the care, alternatives, and the potential effect on your health if you choose not to receive the care.

We may conduct some diagnostic or examination procedures if indicated. Any examinations or tests conducted will be carefully performed but may be uncomfortable.

Chiropractic care centrally involves what is known as a chiropractic adjustment. There may be additional supportive procedures or recommendations as well. When providing an adjustment, we use our hands or an instrument to reposition anatomical structures, such as vertebrae. Potential benefits of an adjustment include restoring normal joint motion, reducing swelling and inflammation in a joint, reducing pain in the joint, and improving neurological functioning and overall well-being.

It is important that you understand, as with all health care approaches, results are not guaranteed, and there is no promise to cure. As with all types of health care interventions, there are some risks to care, including, but not limited to: muscle spasms, aggravating and/or temporary increase in symptoms, lack of improvement of symptoms, burns and/or scarring from electrical stimulation and from hot or cold therapies, including but not limited to hot packs and ice, fractures (broken bones), disc injuries, strokes, dislocations, strains, and sprains. With respect to strokes, there is a rare but serious condition known as an "arterial dissection" that typically is caused by a tear in the inner layer of the artery that may cause the development of a thrombus (clot) with the potential to lead to a stroke. The best available scientific evidence supports the understanding that chiropractic adjustment does not cause a dissection in a normal, healthy artery. Disease processes, genetic disorders, medications, and vessel abnormalities may cause an artery to be more susceptible to dissection. Strokes caused by arterial dissections have been associated with over 72 everyday activities such as sneezing, driving, and playing tennis.

Arterial dissections occur in 3-4 of every 100,000 people whether they are receiving health care or not. Patients who experience this condition often, but not always, present to their medical doctor or chiropractor with neck pain and headache. Unfortunately a percentage of these patients will experience a stroke.

The reported association between chiropractic visits and stroke is exceedingly rare and is estimated to be related in one in one million to one in two million cervical adjustments. For comparison, the incidence of hospital admission attributed to aspirin use from major GI events of the entire (upper and lower) GI tract was 1219 events/ per one million persons/year and risk of death has been estimated as 104 per one million users.

It is also important that you understand there are treatment options available for your condition other than chiropractic procedures. Likely, you have tried many of these approaches already. These options may include, but are not limited to: self-administered care, over-the-counter pain relievers, physical measures and rest, medical care with prescription drugs, physical therapy, bracing, injections, and surgery. Lastly, you have the right to a second opinion and to secure other opinions about your circumstances and health care as you see fit.

I have read, or have had read to me, the above consent. I appreciate that it is not possible to consider every possible complication to care. I have also had an opportunity to ask questions about its content, and by signing below, I agree with the current or future recommendation to receive chiropractic care as is deemed appropriate for my circumstance. I intend this consent to cover the entire course of care from all providers in this office for my present condition and for any future condition(s) for which I seek chiropractic care from this office.

STATEMENT OF ACKNOWLEDGEMENT OF FINANCIAL RESPONSIBILITY DISCLAIMER, RELEASE OF MEDICAL INFORMATION FORM AND DECLARATION

I understand that I may be financially responsible for any charges incurred at this office, including co pays, deductibles, and charges denied or not covered by my insurance company.

I realize my care may be subject to pre-authorization by the insurance company, and I accept any responsibility for charges which may not be approved. The insurance company will review any/all documentation submitted by Dr. John M. Bialecki., for review for medical necessity and base their approval/denial upon this documentation.

I understand that this office agrees to notify me as soon as possible if a service is not covered and will notify me if my care is not approved by the insurance company. If a treatment plan is approved, this office will make me aware of the number of office visits allowed and the time frame of the authorization. Initial visits may be denied and this may be beyond the office's ability to notify the patient prior to rendering acute care, while waiting for insurance coverage approval. These charges will be the patient's responsibility if denied by the insurance company.

This office may seek payment from you for any services your health insurance plan determines to be not medically necessary.

I have read and understood my obligations for payment for care in the absence of insurance coverage.

_____ _____

BIALECKI CHIROPRACTIC

NO SHOW POLICY/ FINANCIAL POLICY : AS OF 1/1/2023

Our goal is to provide quality care in a timely manner for our patients. We understand unplanned issues can occur. We schedule our appointments with the doctors to ensure the proper amount of time is spent with each patient. It is important that you are on time for the appointment you are given with Dr Bialecki

If your schedule changes, please contact the office and we can arrange a different time for you. We request you give at least **24 hour** notice to cancel or reschedule your appointment. A **"No Show" fee of $35-$70** will be applied and charged directly to you depending on the type of appointment it is. The fee at any point can increase without prior notice. The "No Show" fee is not reimbursable by your insurance company. If you are more than 15 minutes late to an appointment, you may be asked to reschedule (which a fee may be applied) or you may have to wait for the next available time that day or another day.

Our office may decide to terminate its relationship with you if there is consecutive (less than 24 hr notice) cancels and/or no shows.

NO FAULT & WORKERS COMPENSATION PLANS:

You are responsible for providing Bialecki Chiropractic with the information related to your case so we can properly submit for charges. The fees mandated by New York State No fault and Workers Comp will be changed to reflect our contracted fees and you will be responsible for payment. If you have private insurance, it may be possible to charge depending on coverage of chiropractic care plan with your insurance.

NO SHOW POLICY AGREEMENT- EFFECTIVE 1/1/2023

Bialecki Chiropractic has implemented an updated policy. Recent changes in health markets and payment processes have altered insurance coverages to shift the cost of care to our patients. Credit card information can be collected by front office and kept confidential. If no card on file we may request you pay over the phone any balance before scheduling your next appointment. Bialecki Chiropractic may be authorized to charge the account for any appointments missed without the 24 hour notice of cancellation or rescheduling. We want to do our best to service our patients the best way we can.

NECK BOURNEMOUTH QUESTIONNAIRE

Patient Name _____ Date _____

Instructions: The following scales have been designed to find out about your neck pain and how it is affecting you. Please answer ALL the scales, and mark the ONE number on EACH scale that best describes how you feel.

1. Over the past week, on average, how would you rate your neck pain?

No pain Worst pain possible

0 1 2 3 4 5 6 7 8 9 10

2. Over the past week, how much has your neck pain interfered with your daily activities (housework, washing, dressing, lifting, reading, driving)?

No interference Unable to carry out activity

0 1 2 3 4 5 6 7 8 9 10

3. Over the past week, how much has your neck pain interfered with your ability to take part in recreational, social, and family activities?

No interference Unable to carry out activity

0 1 2 3 4 5 6 7 8 9 10

4. Over the past week, how anxious (tense, uptight, irritable, difficulty in concentrating/relaxing) have you been feeling?

Not at all anxious Extremely anxious

0 1 2 3 4 5 6 7 8 9 10

5. Over the past week, how depressed (down-in-the-dumps, sad, in low spirits, pessimistic, unhappy) have you been feeling?

Not at all depressed Extremely depressed

0 1 2 3 4 5 6 7 8 9 10

6. Over the past week, how have you felt your work (both inside and outside the home) has affected (or would affect) your neck pain?

Have made it no worse Have made it much worse

0 1 2 3 4 5 6 7 8 9 10

7. Over the past week, how much have you been able to control (reduce/help) your neck pain on your own?

Completely control it No control whatsoever

0 1 2 3 4 5 6 7 8 9 10

BIALECKI CHIROPRACTIC

Headache Disability Index

Patient Name _____

Date _____

Please check the correct response about your headaches:

1. I have a headache: ○ once per month ○ more than once but less than four times per month ○ more than once per week
2. My headache is: ○ mild ○ moderate ○ severe

Please read carefully: The purpose of this scale is to identify difficulties you may be experiencing because of your headaches. Please check Yes, Sometimes or No for each item. Answer each question only as it pertains to your headache.

		Yes	Sometimes	No
1	Do you feel disabled because of your headache?	○	○	○
2	Do you feel restricted in performing your routine daily activities?	○	○	○
3	Do you feel no one understands the effect your headaches have on your life?	○	○	○
4	Do you restrict your recreational activities (for example, sports, hobbies) because of your headaches?	○	○	○
5	Do your headaches make you angry?	○	○	○
6	Do you feel that you are going to lose control because of your headaches?	○	○	○
7	Are you less likely to socialize because of your headaches?	○	○	○
8	Do you feel like your spouse (or significant other), family and friends have no idea what you are going through because of your headaches?	○	○	○
9	Do you feel your headaches are so bad that you will go insane?	○	○	○
10	Is your outlook on the world affected by your headaches?	○	○	○
11	Are you afraid to go outside when you feel a headache is starting?	○	○	○
12	Do you feel desperate because of your headaches?	○	○	○
13	Are you concerned that you are paying penalties at work or at home because of headaches?	○	○	○
14	Do your headaches place stress on your relationships with family or friends?	○	○	○
15	Do you avoid being around people when you have a headache?	○	○	○
16	Do you believe your headaches are making it difficult for you to achieve your goals in life?	○	○	○
17	Are you unable to think clearly because of your headaches?	○	○	○
18	Do you get tense (for example, muscle tension) because of your headaches?	○	○	○
19	Do you not enjoy social gatherings because of your headaches?	○	○	○
20	Do you feel irritable because of your headaches?	○	○	○
21	Do you avoid traveling because of your headaches?	○	○	○
22	Do your headaches make you feel confused?	○	○	○
23	Do your headaches make you feel frustrated?	○	○	○
24	Do you find it difficult to read because of your headaches?	○	○	○
25	Do you find it difficult to focus your attention away from your headaches and on other things?	○	○	○

SCORING INSTRUCTIONS: Yes = 4 points, Sometimes = 2, No = 0.

Using this system, a total score of 10-28 is considered to indicate mild disability; 30-48 is moderate disability; 50-68 is severe disability; 72 or more is complete disability.

BACK BOURNEMOUTH QUESTIONNAIRE

Patient Name _____ Date _____

Instructions: The following scales have been designed to find out about your back pain and how it is affecting you. Please answer ALL the scales, and mark the ONE number on EACH scale that best describes how you feel.

1. Over the past week, on average, how would you rate your back pain?

No pain — Worst pain possible

0 1 2 3 4 5 6 7 8 9 10

2. Over the past week, how much has your back pain interfered with your daily activities (housework, washing, dressing, walking, climbing stairs, getting in/out of bed/chair)?

No interference — Unable to carry out activity

0 1 2 3 4 5 6 7 8 9 10

3. Over the past week, how much has your back pain interfered with your ability to take part in recreational, social, and family activities?

No interference — Unable to carry out activity

0 1 2 3 4 5 6 7 8 9 10

4. Over the past week, how anxious (tense, uptight, irritable, difficulty in concentrating/relaxing) have you been feeling?

Not at all anxious — Extremely anxious

0 1 2 3 4 5 6 7 8 9 10

5. Over the past week, how depressed (down-in-the-dumps, sad, in low spirits, pessimistic, unhappy) have you been feeling?

Not at all depressed — Extremely depressed

0 1 2 3 4 5 6 7 8 9 10

6. Over the past week, how have you felt your work (both inside and outside the home) has affected (or would affect) your back pain?

Have made it no worse — Have made it much worse

0 1 2 3 4 5 6 7 8 9 10

7. Over the past week, how much have you been able to control (reduce/help) your back pain on your own?

Completely control it — No control whatsoever

0 1 2 3 4 5 6 7 8 9 10
